

SATURDAY, JANUARY 27, 1882.

## THE COLORADO.

We clip the annexed from the Lyon County Times:

Hon. Eugene Howell, of Lincoln county, has introduced a resolution asking Congress to appropriate \$125,000 for the purpose of improving the Colorado river. Notwithstanding the statements of Mr. Cassidy, regarding the insignificance of the Colorado, this stream is navigable in the Spring for one hundred miles along the southeastern boundary of the State, and the sum applied for would make navigation possible a much greater distance during the whole year. We in the western part of Nevada, have not the same interest in the improvement of the Colorado as have the citizens of Lincoln county, but we have an indirect interest in the general welfare and advance of the State, and an increase of prosperity in this section would be a measure to be felt by us. Altogether there are two hundred and ten miles of our State boundary which consists of this river, and the expenditure of the sum named in the resolution would supply, in addition to the increased facilities for navigation and the consequent increase of trade incidental thereto, a system of water power which would add greatly to the manufacturing interests of the country, and correspondingly to its actual wealth.

Hon. Isham G. Harris, at the age of sixty-six, has been re-elected United States Senator from Tennessee. He received an ovation on the night of his election, and after warmly thanking his constituents for the many honors they had conferred upon him in times past, he announced that this would be the last office he should ever hold. At the expiration of his term he would give way to younger men. Senator Harris has been in politics for over forty years, and most of the time in office. He has been three times Governor of Tennessee, twice a Senator, and served several terms in the Lower House of Congress. He is now Chairman of the District of Columbia Committee.

Hon. John E. Kenna, elected United States Senator from West Virginia, is one of the youngest men ever elected to the Senate, he being but 35 years old. He was born and worked on a farm until the war, when he enlisted as a private soldier. After the war he went to college, and at the age of 27 was elected Congressman from the Kanawha District of West Virginia. He has been a member of Congress ever since, and has proven himself a bright debater, a hard student and a courageous leader. Though one of the youngest, he is today one of the most influential men in Congress.

Vermont is said to produce more marble than any other State in the Union, or than any country except this. The business has expanded with marvelous rapidity since 1870, when comparatively little Vermont marble was to be found in the market. The aggregate amount of the State's production the present year is 1,000,000 cubic feet valued at over \$2,000,000. The number of men employed in the quarries and mills exceed 2,300, and it required 10,000 cars to carry the marble away. Nearly \$1,000,000 was paid for the labor of workmen by the quarry owners.

Humboldt Bay, on the Pacific, 270 miles north of San Francisco, forms one of the best harbors on the coast, being sixteen miles in length, from one to five miles wide, and having a depth of twenty-one feet of water on the bar. The entrance is very narrow, its width not exceeding 300 feet, but vessels once within its shelter are safe from the wildest storm.

San Francisco's monument to the memory of Garfield is to be finished in about a year and a half. Mr. Happersberger, the artist, has gone to Europe to finish his models and have the bronzes cast at Munich.

So overwhelmingly in debt is Pickens county, Alabama, that property can scarcely be given away. A few days ago 365 acres of fine timber land and a mill in good condition brought but \$210.

General Winfield Scott's "body-servants" are now beginning to die. "General" John Scott, of Montgomery, Alabama, leads off.

Indiana has so many Presidential candidates that few men are left to attend to the farm work.

The Reno JOURNAL is opposed to raising the Lieutenant Governor's salary to \$3,000 a year, and says that California has a Lieutenant Governor, and for the past three years has paid him but the \$10 per diem while acting as President of the Senate. If big California believes that policy to be the true one, little Nevada ought to be able to get along without any Lieutenant Governor. The theory of economy is good, but we hardly endorse the idea of abolishing the office, for what would we do in the event of the death or inability of the Governor.—Austin Reveille.

De? Why let the Senator who may be President of the Senate fall heir.

## THE PRISON REMOVAL.

The Effect It Has Upon the Index Pencil.

[From the Carson Index.]

Is our Ormsby delegation going to lose the State Prison? The thing looks a little dangerous—especially so when the Reno JOURNAL announces itself in such a vigorous manner as follows:

"There is not only hope, but it is almost an assurance that at Reno the expense can be reduced one-third, with a possible possibility of in a few years rendering it unnecessary for the State to make any appropriation for its support." Ormsby may as well go straightway into mourning.

Let the people of Ormsby county bestir themselves for a slice of Washoe county. They ought to aid Senator Parker by every means in their power in his laudable efforts in this direction. Washoe Valley naturally belongs to this section of the country. The topographical features plainly indicate this fact. We are fully aware of the opposition such a measure will receive from Washoe county, but this should not deter the strongest possible efforts to secure the territory in question.

A correspondent of the Reno JOURNAL writes a very able and lawyerlike article antagonizing Senator Gallagher's proposition to make the Lieutenant Governor ex officio Warden of the State Prison. He attacks the constitutionality of the bill upon the ground that the Constitution itself created a Board which has the control and management of Prison affairs, from the appointment to the utmost minutiae of detail. The correspondent is correct.

"Are you the Judge of Reprobates?" said Mrs. Partington, as she walked into an office of a Judge of Probate. "I am a Judge of Probate," was the reply. "Well, that's it, I expect," quoth the old lady. "You see my father died indebted, and he left several little infernals, and I want to be their executioner."

**PARKER'S HAIR BALSAM**

The best and most economical hair dressing, and made from the most refined materials. It is beneficial to the hair and scalp, and is highly esteemed everywhere for its excellence and superior cleanliness.

It never fails to restore the youthful color and lustre to gray or faded hair, is elegantly perfumed and is warranted to remove dandruff and itching of the scalp, & prevent falling of the hair.

50c. and 47c. at dealers in drugs.

**PARKER'S GINGER TONIC**

A Superlative Health and Strength Restorer.

If you are a mechanic or farmer, worn out with overwork, or a mother run down by family cares, or a household duties try PARKER'S GINGER TONIC.

If you are a lawyer, minister or business man exhausted by mental strain or anxious cares, do not take intoxicating stimulants, but use Parker's Ginger Tonic.

If you have Consumption, Dyspepsia, Rheumatism, Kidney or Urinary Complaints, or if you are troubled with any disorder of the lungs, stomach, bowels, blood or nerves, you can be cured by PARKER'S GINGER TONIC. It is the Greatest Blood Purifier and the Best and Surest Cough Cure Ever Used.

If you are wasting away from age, dissipation or any disease or weakness and require a stimulant take GINGER Tonic at once; it will invigorate and build you up from the first dose but will never intoxicate. It has saved hundreds of lives; it may save yours.

## THE SIERRA BUTTES AND

## PLUMAS EUREKA MINES.

To Stockmen and Butchers.

## SEALED PROPOSALS WILL BE RECEIVED

up to noon on April 1st, 1883, by the undersigned, at No. 16, Halleck Block, San Francisco, for furnishing beef as required at the Plumas Eureka Mine, Plumas county, and the Sierra Buttes Mine, Sierra county.

The quantity required will be from 12,000 lbs. to 15,000 lbs. per month for each mine.

Beef must be of the best quality, no old stags, old cows or cows in calf, nor cattle weighing less than 400 lbs. will be received.

The cattle to be driven into the Company's corral at each mine in droves of ten, more or less, as the Company's agent may elect, and to be fed and slaughtered at the contractor's expense. The Company to have the offal and the contractor the hides.

Bids may be made for supplying either or both mines and for one or two years.

Contract to commence on May 15th, 1883.

Bonds to the amount of \$5,000 will be required for each mine.

All bids to be marked on the outside, "Tender for Beef."

The Company does not bind itself to accept the lowest or any tender.

Further information may be had at the Company's offices at the mines, or from the undersigned at San Francisco.

## TOWN AND COUNTY.

## BREVITIES.

Nashby is the first with valentines. There is but little sickness in town. Where is that Homographic Chart? Dr. Bergman is going below to-night. Scarlet fever is reported on the decrease in Carson.

Abe Manning has gone to San Francisco for a few days.

The Legislature yesterday adjourned over until Monday as usual.

There are eighteen persons employed in the State Printing Office.

A. C. Ellis and J. R. Judge, of Carson, were in town yesterday.

The Central Pacific pay car is expected along to-day or to-morrow.

Many private families have housed the summer's supply of ice.

The Assembly yesterday passed Varian's bill reducing fee charges.

Seems to be quite a number of business changes going on in Reno.

There are about forty strange young ladies visiting Carson at present.

The Weekly Journal of to-day is up to the usual standard of that excellent paper.

Laycock has his painting, "Man Overboard," on exhibition in Breckins' show window.

John F. Myers is troubled with neuralgic pains, and has been feeling badly for the past two days.

The bond required of Kinkad, Crockett and Batchelder, was placed by Judge Boardman at \$15,000.

The Governor should offer a reward for the capture of the would-be Central Pacific Railroad train robbers.

The Enrolling Clerks have drawn \$98 this week, and the Governor has approved two bills. Expensive luxury.

Senators Dennis and Fox, S. T. Gage, A. V. McCurdy and C. C. Stevenson, were passengers for the Bay last night.

Don't forget Fredrick & Hasting's popular soiree this evening. Their full orchestra of five pieces will be in attendance.

Senator Schooling is at home on indefinite leave of absence. His private business affairs demand his attention for a few days.

There was a fair crowd out last evening to witness "Uncle Tom's Cabin." The performance was just about the same old thing.

Hon. W. C. Gaines and Hon. J. W. Richards, both of Churchill, were in town last evening, en route home, having been on a visit to Carson.

Rev. A. B. Palmer was "surprised" last night by some of his flock, the occasion being the anniversary of his birth. All had a pleasant time.

It is no longer a secret that A. Lindley has sold a half interest in his business, and that the name of the new partner will be announced on Feb. 1st.

A beautiful three stone diamond ring, a perfect gem of an ornament, worth \$110; price \$63, at Uncle Harris', 221 Kearny street, between Bush and Sutter.

Senator Marker voted for the engrossment of the bill making the Lieutenant Governor ex-officio Warden. Pretty good joke, when his own county has four candidates for the position.

The nomination of E. A. Littlefield, for Postmaster of Ogden, was made by President Arthur on the 13th instant. It was sent to the Senate the same day and promptly and unanimously confirmed.

The bill making the Lieutenant Governor ex-officio Warden of the State Prison was ordered to engrossment in the Senate yesterday by a vote of 13 to 5. It is said four of the thirteen votes cast in favor of it will be recorded in the negative when the bill comes up for final passage.

Crockett and Kinkad are here to answer to the indictments against them. Crockett came down on the local train from Carson last evening and surrendered himself up without process having been served on him. Kinkad came in from Hawthorne on the regular train in charge of Sheriff Emmitt. He says a telegram from the Sheriff would have brought him a day earlier, and saved the county some expense.

The Virginia Chronicle finds fault with the Reno papers, and the JOURNAL particularly, for not having something definite about the indictment of the Savings Bank officials. The papers here know nothing about it as yet, that portion of the Grand Jury's report having been cut out and withheld from publication by the Judge and Clerk of the Court. The JOURNAL will not delay in publishing the facts as soon as they can be got at. Meantime the Chronicle can attend to its own business.

## IMPORTANT CHANGE.

Manning &amp; Berry Sell Out to Berry and Boyd.

The JOURNAL regrets to announce the retirement from business in Reno of A. H. Manning and W. F. Berry, composing the well-known firm of Manning & Berry. This house has always been the largest in the county, and its trade extended almost to every section of Nevada, as well as to northern California and southern Oregon. In the best days of Manning & Duck the firm did a business of \$33,000 per month. As successors of that firm, Manning & Berry have held the business, and, allowing for the general decline in business everywhere, have transacted a very large volume of trade. They have always stood No. 1 in this section, and deservedly so. Their retirement will be felt by all who had dealings with them. While the JOURNAL regrets their decision, it can truly say that the business of the late firm has fallen into good hands. The successors are H. J. Berry and D. B. Boyd. These gentlemen are thorough business men, and we fear naught in predicting that their relations with the general public will be as pleasant and profitable as either Manning & Duck or Manning & Berry have enjoyed.

## Amendments.

Senator Foley has introduced a concurrent resolution amending the Judiciary Article of the State Constitution, by dividing the State into five judicial districts. The Supreme Court to consist of the District Judges sitting in banc, and the term of office to be 12 years.

Senator Hobart has introduced a concurrent resolution amending Section 1, of Article II, of the Constitution relating to the right of suffrage. Disfranchising any one selling his vote at any general or special election in this State.

Senator Hobart has introduced a concurrent resolution amending Article XVI, of the State Constitution simplifying and expediting the method of amending the Constitution and of calling a Constitutional Convention.

These have all been referred to the Joint Committee on Revision of Constitution.

## Gallatin &amp; Folsom.

This new firm will commence business in Reno on the 1st of February. The gentlemen are now here "taking up stock" in Schooling's place, and will succeed him on the 1st as stated. They will carry a very large stock of goods, and in addition to what has been dealt in by Mr. Schooling, will put in a complete assortment of all articles in the hardware line, and will also deal in agricultural implements of every kind. Messrs. Gallatin and Folsom have been engaged in mercantile pursuits for many years, and are as capable of supplying the wants of this community as anybody. They will be found pleasant and honorable gentlemen to do business with, and the JOURNAL hopes they may live long with us and prosper.

## Fruit Growing in California.

The most notable meeting of California fruit growers ever held was at San Jose last November. The sessions lasted three days, and a wide range of subjects was discussed. The full report of the proceedings, as taken down stenographically, makes a large pamphlet of 84 pages, and is the fullest review of the present situation in fruit growing in the State which has thus far been collected in book form. It will be sent postpaid to any address for 25c. a copy. It will be found valuable to keep or to send to horticultural friends abroad. Address Dewey & Co., publishers of the Pacific Rural Press, 253 Market street, San Francisco, Cal.

## Truckee Excited.

Considerable alarm has been created among the mill men at Truckee over the possible passage of Assemblyman Yell's bill prohibiting the emptying of sawdust into the waters of California. The passage of such a bill would, in a great measure, for a time at least, seriously cripple the lumbering interests of that section. An indignation meeting of the leading property-holders and mill men of that section was held there last Wednesday night, and a petition remonstrating against the passage of the bill was circulated, and signed by everybody. A strong effort will be made to defeat the bill in the California Senate should it pass the Assembly.

## Stocks Up.

A marked advance is noticeable in many of the Comstock stocks within the past two days, in many cases being five hundred per cent. Following are the quotations of the leading ones yesterday: Ophir \$1 90, Mexican, 3 3/4, G. & C. 2 40, B. & B. 4 30, Savage 3 05, Collar 2 40, Potosi 2, H. & N. 4 80, S. Nev. 4 95, Union 3 90.

## Fits, Fits, Fits.

Successfully treated by World's Dispensary Medical Association. Address, with stamp for pamphlet, Buffalo, N. Y.

Royal Arch Masons should bear in mind the Chapter meeting this evening.

## STARVING INDIANS.

Settlers Contributing to Prevent Them Dying of Hunger.

A Fort McDermitt correspondent of the Silver State, under date of the 21st, writes as follows:

In the unprecedented severe weather which we have had here for several days past, the thermometer ranging from 15 to 23 deg. below zero, the Indians in this vicinity are suffering greatly from hunger and exposure. They are daily crowding in towards the Post in increasing numbers, and in view of their destitute condition, it became absolutely necessary to do something to alleviate their distress. Accordingly, the few citizens residing in this vicinity organized a subscription headed by Mr. McGuire in aid of the most helpless. The military authorities at the Post are also doing all in their power to aid in this good work; but unless the Government speedily furnishes a greater measure of relief, there may be trouble anticipated before the expiration of the Winter. There are plenty of cattle belonging to the settlers ranging through the hills, and the Indians, driven to desperation through hunger, are liable at any time to slaughter them for food.

It would be well if our Senators and Representatives were interviewed on this subject, with a view to memorializing Congress to take some action for the relief of these destitute wards of the nation.

The Silver State makes the annexed comments upon the letter:

According to the census of the Piute tribe, taken by Captain Dave of Wadsworth, under the direction of Major Powell, there are over 800 Piutes in this county. Ordinarily they support themselves by working for the whites, and hunting, fishing, etc., and never have those in this vicinity received a cent's worth from the Government. Many of them are now, in consequence of the unprecedented severity of the weather, on the verge of starvation, and while a few of them here in town have built shanties, in which they live, the large majority of them have no shelter save brush tents partially covered with canvas. They make no provision for winter, and are consequently suffering with hunger. This is especially the case in the northern part of the county; and a note from McDermitt, printed in another column, states that the settlers in that vicinity are contributing to their support. They are gathering in the vicinity of the Fort from far and near, and have to depend almost exclusively upon the charity of the military and citizens, as the weather has been too cold for them to hunt game. It is believed that, unless something is done for their relief, they will commence killing stock and that will cause a disturbance which may result in serious consequences. In view of this condition of affairs, would it not be advisable for the Legislature to adopt a resolution requesting the General Government to distribute rations to the Indians at Fort McDermitt during the cold weather? The members from this county, especially Senator McConnell and Assemblyman Hardin, who reside near Fort McDermitt, ought to understand the situation, and telegraph to Washington the action of the Legislature, that the starving Indians may be relieved immediately. This matter should receive earnest and prompt attention from our Representatives at Carson. It is much cheaper to feed the Indians for a few months than to let hunger compel them to kill cattle and inaugurate troubles which may last for months.

## Wood River's Insane.

The Wood River Times in speaking of the disposition to be made of Idaho's insane, which are now sent to Portland, Oregon, has the following in regard to our Reno asylum: "With the cost of conveying patients we are entirely familiar. The last patient conveyed to Portland will cost the county, first and last, all of \$700. Cannot we do better than this? Let us see. At Reno, in the State of Nevada, there is an asylum for the insane where our patients could doubtless be received. Passage to Reno from Hailey costs \$63; for two one way and back for one, \$189; expenses on the trip, 60; time, not over \$50; total, \$300. For \$300 each, all told, our insane could be taken to Reno. It costs \$700 each to take them to Portland. What objection is there to taking them to Reno? None that we know of, unless it be a possible prior arrangement with the Oregon authorities."

## Take Notice.

The First National Bank has an important notice under "New To-day." They notify all persons indebted to the late firm of Manning & Berry, on book account, to call at the bank and make immediate payment. All book accounts due and owing said Manning & Berry have been assigned to the bank. Read notice.

## Special Meeting.

Reno Chapter, No. 7, R. A. M., will hold a special meeting Saturday evening, January 27, 1893, at 7 P. M., for conferring degrees. Sojourning companions invited to attend. By order of the E. H. P.

W. L. BECHTEL, Secretary.

A COUGH, COLD OR SORE THROAT should be stopped. Neglect frequently results in an incurable Lung Disease or Consumption. BROWN'S BRONCHIAL TROCHES do not disorder the stomach like cough syrups and balsams, but act directly on the inflamed parts, allaying irritation, give relief in Asthma, Bronchitis, Coughs, Catarrh, and the Throat Troubles which Singers and Public Speakers are subject to. For thirty years Brown's Bronchial Troches have been recommended by physicians, and always gives perfect satisfaction. Having been tested by wide and constant use for nearly an entire generation, they have attained well-merited rank among the few staple remedies of the age. Sold at 25c. a box everywhere.

Senator Hammond, of Carson, was in town last night.

## A QUEER TUNNEL.

Ground that Remonstrates Against Being Bored.

Dan De Quille, of the Enterprise, tells this:

In Castle District, at a point about five miles north of Virginia City, is a tunnel that may be called an ex-tunnel. It is a tunnel that remonstrates against being a tunnel. It was run about four years ago into the side of a steep hill, and was originally about forty feet in length. When in about fifteen feet the tunnel cut into a soft, swelling clay, very difficult to manage. After timbering and striving against the queer, spongy material till it had been penetrated about twenty-five feet, the miners gave up the fight, as they found it a losing game.

Being left to its own devices, the tunnel proceeded to repair damages. It very plainly showed that it resented the whole business, as its first move was to push out all the timbers and dump them down the hill. It did not stop at that, but projected from the mouth of the tunnel a pith or stopper of clay the full size of the excavation. This came out horizontally some eight feet, as though to look about and see what had become of the miners, when it broke off and rolled down the slope. In this way it has been going on until there are some hundred tons of clay at the foot of the hill. At first it required only about a week for a plug to come out and break off, then a month, and so on till now the masses are ejected but three or four times per year, yet the motion continues, and to-day the tunnel has the better of the fight by about four feet.

Farmers and others desiring a general, lucrative agency business, by which \$5 to \$20 a day can be earned, send address at once on postal, to H. O. Wilkinson & Co., 195 and 197 Fulton St., New York.

## A New Explosive.

Sebastine is the name of a new explosive brought to light in Sweden, which is attracting much attention. It appears to be based upon nitro-glycerine, but, while both more powerful and cheaper than the ordinary dynamite, possesses greater safety, because the explosive oil is more completely absorbed and bound by a specially prepared kind of charcoal and other ingredients, and because in ordinary cases it requires no percussion-cap to explode. In mining, sebastine is exploded simply by the fuse, providing the bore-hole is properly secured by a strong wadding, as in an ordinary charge of blasting powder. According to official statements not one single instance of accident has happened from its use. The Swedish Government having ordered trials of sebastine against dynamite, it is said to have been proved that sebastine was far superior in effect and about equal in force to English gun-cotton when used in torpedoes.

## A Poem by the President.

Dr. Asa. G. Stillman, of Albion, N. Y., has in his possession a witty little poem, composed by President Arthur in 1851, when President Arthur was a school-teacher at North Rowan, Vt., and the doctor was one of his pupils. The doctor was a shy lad, who always had trouble in committing "a piece" for recitation. Having failed to do so on one occasion, his teacher, the now President of the United States, composed and assisted him to learn the little poem in question. After that young Stillman got on finely in recitation, and he has ever kept in his possession the production. Dr. Stillman is the father of two fine boys who bear the names of Chester Arthur Stillman and Roscoe Conkling Stillman. Chester Arthur Stillman, who is now about the age his father was when President Arthur taught him, recited the verses composed for his father at the Sunday-school exercises of the Pawling Avenue Methodist Episcopal Church on a recent Sunday.

Buildings to the value of \$14,409,000 have been erected in Denver, Col., in the past four years.

Such lovely weather was never enjoyed before at this season of the year in this section.

California farmers are rejoicing over the late timely rain.

## NEW TO-DAY.

## NOTICE.

All persons indebted to the late firm of Manning & Berry, on book account, are requested to call at the office of the First National Bank of Reno, Nevada, and make immediate payment of such indebtedness. All book accounts due and owing said Manning & Berry have been assigned to said bank and are now its property.

D. A. BENDER,  
President;  
C. T. BENDER,  
Cashier,

Of the First National Bank of Reno, Nevada.
